

SUCCESS STORY TEMPLATE

On (date) , I presented *Advance Health Care Planning in Kansas* to (#) participants at (location) in (your county/district) . Through this program, Kansas State Research and Extension agents educate individuals on the advance health care planning process in an effort to increase the proportion of Kansas adults who have completed their Advance Planning documents. Of those in attendance, (# who checked strongly agree or agree to Question 1) reported that attending this program helped them to recognize the importance of advance health care planning. (# who checked strongly agree or agree to Question 2) participants said that because they attended this program, they now understood the difference between the various advance health care planning documents available in Kansas, and (# who checked strongly agree or agree to Question 4) reported that they now plan to complete an advance health care directive, if they had not already done so. Notably, (insert comments from Question 5) .
